

INDIANA UNIVERSITY

BLOOMINGTON, INDIANA

DEPARTMENT OF BACTERIOLOGY

April 27, 1950

Contributors to the Section on Genetics  
of Microorganisms, Vol. 3,  
Methods in Medical Research

Dear Contributor:

The galley proof of the section is now in my hands and any changes that you would care to make should reach me by May 2nd. Remember that I do not have the original manuscript, which is being used by the professional proof readers. Therefore, if you wish to make any changes, attach them to a copy of the original manuscript, which I shall return to you as soon as I have used it. Please do not make any changes that involve additions of new paragraphs.

The only reprints available will be a few that will be sent free by the publishers. The funds for reimbursement of expenses will be available as soon as the volume appears, presumably in June, 1950.

With many thanks for your cooperation, I am

Sincerely yours,

*S. E. Luria*
